

# DEVIZES GUARDIANS

## Working for Devizes and Roundway

Devizes Guardians are the only independent local party making the voice of Devizes and Roundway heard. We are the one group that has only the interests of the local community to consider and is not influenced by national parties.

From our beginnings in 2001, Devizes Guardians have sought to keep residents informed on key local issues as well as seeking their opinion through public meetings. We continue to publish a newsletter distributed throughout the local area, as well as a regularly updated website, to maintain contact with our local community. We will maintain this dialogue to ensure that we continue to represent your needs and interests.

Electing Peter Corbett as your Devizes Guardians candidate on 19 March will maintain a strong voice guaranteed to represent only local community interests in the Town Council.

**The only party representing the voice of true localism...**

**DEVIZES GUARDIANS**

**X**

## What we stand for:

Giving a voice to local people

Encouraging local employment

Tackling Devizes issues not promoting national politics

Developing a robust Neighbourhood Plan

Working for better local health provision

Opposing inappropriate development

# Peter Corbett

is your

## Devizes Guardians

candidate for Town Council  
on 19 March 2015

Peter lives in Devizes, having moved to the town 24 years ago. Married to Christine, who works as a therapist at Dorothy House Hospice, they have four grown up children. He works for Alexandra manufacturing workwear, and previously ToysRus and Swissair in commercial and operational roles. He is a recent member of Roundway Council and has a keen interest in ethical and sustainable business.

Peter is a proud supporter of the Devizes Guardians' commitment to work solely for the interests and heritage of our Town and community rather than promoting national party political ambitions and agendas. His goal is to help promote the prosperity of our community while protecting it from inappropriate development and the consequential damage to our environment and local facilities.

# What do Devizes Guardians stand for?

The Guardians recognise that Devizes is changing. This means that, as a community, we have to steer that change in a direction which will make the most of the opportunities it provides while still managing the risks to our heritage and environment. This requires strong positive leadership.

Since the last election, Devizes Guardians have taken every opportunity to demonstrate the leadership and governance that is required if we are to grow as a community and change for the better. This has been shown in our commitment to ensuring the Town Council remains fit to meet the challenges of the future, in spearheading opposition to inappropriate development proposals which would put unacceptable pressure on local services and infrastructure and, especially, in contributing to the development of a robust Neighbourhood Plan.

As Devizes Guardians we know that we cannot preserve our Town in the past. To grow and develop it has to change, but we believe this makes it all the more important we steer that change in the right direction. This means defending the character and environment which have made Devizes such a valued place in which we live, while meeting the future needs and aspirations of our community. We are proud as a Town to possess a wealth of iconic and historic buildings and locations, among them the finest market place in the West of England. We believe we should not just protect them for the future but make the best use of them as a focus to promote our Town and its prosperity.

We believe our single minded commitment to the interests of our Town sets us apart from the representatives of national political parties who inevitably have to consider their party policy where there is a conflict with what is best for Devizes.
